How to Use This Book

This book is designed to support a calm routine that encourages comfort, confidence and small successes.

Use it at your own pace. One puzzle can be a short daily activity, a peaceful pause or a gentle way to enjoy familiar words.

Pick one puzzle. Start with any page that feels appealing or inviting. There is no need to do the book in order.

Get comfortable. Use good lighting and a quiet space. Take your time and stop whenever you want.

Read the word list first. Say the words out loud if that helps. Seeing the words ahead of time can make the puzzle feel more achievable.

Look across and down only. Words appear horizontally or vertically. There are no diagonal or backwards words.

Find one word at a time. Circle or highlight it, then move to the next. Working slowly can make the puzzle feel easier to manage.

Finish with success. If a puzzle feels difficult, take a break, come back later or check the solutions.

Caregiver Suggestions

Keep the experience relaxed and encouraging.

Offer help only when needed, choose topics that feel recognizable and focus on the activity rather than the result.

One small success can help create a sense of ease and progress.
